April 16, 2012

Honorable Edward Mangano  
County Executive, Nassau County  
Theodore Roosevelt Executive and Legislative Building  
1550 Franklin Avenue  
Mineola, NY 11501-4898

Dear County Executive Mangano:

The Town of North Hempstead is ready to proceed with a re-pavement of Plandome Road from Northern Blvd (Rte 25A) to the Town's border at Webster Ave. This Town project is part of the Phase 1 of the Plandome Rd Vision Project, funded through a NYS "Safe Routes to Schools" grant covering the Plandome Rd roadway between Memorial Place and Park Ave. The NYS-DOT approval process has taken far longer than anticipated over several years and is currently scheduled to break ground in Summer 2012. Because the entire length of the Plandome Road has continued to become deteriorated, the Town Supervisor has agreed to concurrent fund the Town's re-pavement of the remaining Town of North Hempstead sections of Plandome Rd not covered by the Safe Routes to Schools grant project. However, this will leave one small section of Plandome Rd through the Incorporated Village of Plandome Heights unpaved. TNH Supervisor Jon Kaiman has publically agreed that if the County will authorize the appropriate intermunicipal agreement to fund this Nassau County owned section of Plandome Rd, then the entire length of Plandome Rd can be repaved by the same work crew at the same time, thereby achieving the most cost effective roadwork concurrently, and provide a continuous concurrent re-pavement. Failure to take action now will leave this 0.3 mile of Plandome Roadway through the Village of Plandome Heights in its current poor condition.

The Council of Greater Manhasset Civic Associations stands in full support of the Village of Plandome Height's recent request that Nassau County authorize the needed Intermunicipal Agreement to fund the Town of North Hempstead's re-paving of this remaining 0.3 mile stretch of Nassau County owned Plandome Rd.

We hope that you will concur with the distinct efficiency of performing work concurrently and take the actions needed to fund its concurrent re-pavement. Time is of the essence to take action to realize this concurrent efficiency and we hope for your timely favorable reply.

Sincerely,

Richard Bentley, President  
Council of Greater Manhasset Civic Associations
