(Please submit dates/ events you want listed)

**next GC meeting – Wed Nov 8, 2017**

<u>Topic</u>	<u>Last Known Status</u>
--------------	--------------------------

**Plandome Road Vision Project:** 5/1/12 TNH Community Mtg Summary and Community Feedback Summary 2012 posted on GC "Our Projects" tab ([link](#)). The broader Plandome Rd Vision project (25A to Webster) will be the 'master plan' to enable TNH to separately fund incremental phase projects as funding allows. TNH continues internal meetings to review and recommends revisions to the last Vision Plan details. All Commissioners are giving their comments and what they believe to be realistic on the plan to do. Once ready will engage a new stakeholders to review, then a community-wide mtg. **No Update given.**

**Bayview Ave Infrastructure:** TNH Board engaged architect for waterside walkway conceptual design alternatives to then include funding in TNH's 5 year capital plan. Some County owned land involved needed County inter-municipal agreement to advance. TNH rec'd a 2016 grant from FEMA Public Assistance Program Grant (Hazard Mitigation) near \$205K to fill and stabilize near 165 linear ft of land that was lost during Super Storm Sandy. (about 0.1 acre) protecting Bayview Ave roadway from future storm damage.. More detail: [GC Website "Our Projects" webpage \(link\)](#). TNH in preliminary discussions with the NYSDEC on the type of structures we can use and will be filing the permits shortly after that (est April 2017). TNH consultant has attempted to reach out to Nassau County DPW reps to discuss scope of work pertaining to their property (TONH owns and maintains the road, but the property which abuts the road is owned by County). Unfortunately, TNH consultant and DPW have been unsuccessful connecting with the County. The DEC/ACOE permits require authorization from applicant (TONH), agent (Consultant), and property owner (Nassau County) in order to file applications. We cannot move forward with filing permits until we receive County's consent, as the property owner. DPW has requested support from Town Atty office to assist in this matter. Construction is still slated for the 2018 year. As soon as we have an update, Anna will report. GC requested Town add imminent short extension of existing guard rail at deadman's curve (90 degree turn of Bayview Ave @ West Shore Rd). Ms. Kaplan to advance request for TNH action. **No Update given.**

**TNH investigating suspected illegal commercial parking lot activities:** Underway; So far one owner fined \$5K. but reported to be continuing.

**TNH-MPD Intermunicipal Agreement:** GC requests TNH expedited action on approving MPD Lot 3 reconfig and new curb cuts along MJDavies roadway-gaining 19 add'l spaces. Anna supported all the recommendations; TNH and MPD met. No IMA was necessary with status as "in process for expected Town approval". Logistics initially planned for work in spring/summer 2017. Town then changed its mind and wants IMA; Drafted by Town Attny. Among other caveats, Town now wants to be paid for approving new curb cut/access to roadway adjacent to MJDavies Green. As a result, MPD has no interest in pursuing the lot reconfiguration under such parameters; negotiations in process but likely. GC helped get negotiations back on track but MPD already lost opportunity to complete in summer 2017 and 2018. Town Attny and MPD attorneys negotiations drag on to iron out the remaining IMA items. **No update given**

**Valley Park:** Plans online "Our Projects" tab. Comfort Station completed in Fall 2015. Remaining dredging pond/creek issues delayed with Army Core of Engineers plans since Sandy. See related County & Town joint issues below. **Town install wood guardrail underway to better deter sidewalk parking.**

**MJD Green Gazebo Needs Repair:** Commissioner reports major work completed.

**Searingtown Rd at Harrow La:** SVCA request Northbound NO LEFT TURN 7-9am onto Harrow curtail shortcut traffic thru residential neighborhood; Awaiting SVCA to demonstrate clear residential majority in favor. Does not have majority yet; SVCA still working to achieve majority. TNH installed new reduced speed, additional stop signs, & unwarranted dead end cross street Stop signs removed. Increased Pct enforcement efforts underway.

**TD Bank (Plandome Rd at 1305 Northern Blvd):** Withdrawn by bank- no longer expanding freestanding branches in LI region.

**TNH Legislation to require a new building plan to be in process BEFORE granting a demolition permit.** Example: 22 Norgate Rd Sunset Chapel property. Town attorney advised cannot require plans prior to demolition due to NY State law. GC questioned why?, since villages have successfully adopted similar requirements; Members report Flower Hill and one of the Great Neck villages currently require new building plan prior to a demolition permit. Town Atty initially rejected the idea advising that cases of safety require demolition that warrant immediate demo permit. GC recommended Town should be drafting proposed law that adequately addresses such 'emergencies' exceptions, rather than simply responding that "it's impossible" such as law. Anna agreed to request more detailed information on appropriate legislation from Town Attorney Office. **No update given**

**PSEG Poles:** see <http://www.PSEGLongIsland.info>. TNH passed legislation 9/9/14 on "double poles" and "hazardous signage". TNH can fine those utilities who do not remove the double pole as per legislation. Most problem poles are not on Town but rather are on State property. Rich asked why Town isn't pushing for better State action. TNH then asked residents to report locations of double poles.

**Leeds Pond Plandome Rd Culvert:** status of TNH repair of culvert in danger of imminent collapse. Dina DiGiorgio's office reports that DPW planning is progressing. TNH Board approved the engineering contract to Sidney B. Bowne & Son who is drafting the design for the project, and preparing bid documents for the construction phase of the project expected to be expedited since much of the permit approval work is already done. **No update Rec'd.**

- **51 Andrew St / Town Hall parking Lot dispute.** Mtg 2/9/17with TNH will not add parking spots on TNH lot; **Awaiting TNH add'l buffer plantings.**
- **1111 Northern Blvd.** Mobil @ Valley Park; facade design on [GC Website \(link\)](#). Town approved permits extension; awaiting owner timeframe.
- **99 Community Drive:** Local residents do not want any zoning change; Applicant likely to be drop; The house was demolished a few weeks ago. No plans that we know about as to when and what owner plans to build. **No update given**
- **Mt Olive Church Property (Site Map Link):** A 100% senior affordable housing with a brownfield cleanup site. Awaiting the senior affordable housing program term sheet from NYSHCR (which we expect within the next month). Once issued, project underwriting can be finalized with the State, the Seller, and the Attorney General's office; Attorney General approval required for sale of church owned land. This would ultimately lead to a construction start mid 2018.
- **Crosswalk at Park Ave/Nassau:** Driver and Pedestrian confusion; currently only westbound traffic has stop sign; Center stanchion requested to provide improved driver and pedestrian clarity. Similar confusion caused by crosswalks at Manhasset Ave at Linden St LIRR Overpass. **TNH engaged engineer study.**
- **Plandome Rd Parking Committee:** [GC website Parking Committee link](#). Meetings ceased in 2014; No movement to re-establish yet
- **292 Plandome Rd.** (corner Plandome Rd & Park Ave) Parking Variance: BZA received new Parking Study & approved variance. **Awaiting time frame.**

----- **Nassau County and Town (joint projects)** -----

**Valley Park -County DPW site on Maple St:** Ms. Kaplan and County Leg Nicoletto initiated potential land transfer or shared use (more info on GC website/projects([link](#))). County DPW commissioner Shah has recently re-confirmed the County's commitment; albeit some work scheduling issues need to be addressed in the final plan. Town in process of awarding Traffic Engineering Study to support the Town's plan:

1. **South end of NC DPW property** for add'l Valley Park parking. TNH traffic advisor O'Donnell suggests signal press button between Maple DPW site and Park. County waiting for TNH Parking & roadway cross safety design plan; TNH awarded traffic analysis. **No update given.**
2. **Maple/Bayview intersection.** Town needs to advance conceptual redesign of intersection for improved safety and traffic flow. If design requires space from current grass triangle in front of DPW bldg. (flagpole area) to County DPW. GC urged Town engineering study to include this intersection so both can be advanced at same time. County waiting for Town's concept plan. Town awarded contract in Jan for signal warrant analysis (underway). **No update given.**

----- **Nassau County Open Issues** -----

**Mobilite Utility Pole on SR Rd @at L&T.** Plans on [GC website \(link\)](#): Application suspended, awaiting project background & County DPW process clarification. **No update given.**
